EDUCATION

Burnsview Secondary School | Expected June 2027

- French Immersion Dual Dogwood Diploma; completing high school in four years.
- Calculus 12: 100% | Pre-Calculus 12: 97% | Chemistry 11: 97% | Physics 11: 96%
- Principal's List, Grades 10-11 | Honour Roll, Grades 8-9 | Waterloo Pascal Contest Distinction, top 25%

ENGINEERING AND SOFTWARE

Northline Web Co. - Founder and Web Developer

- Built five websites for local businesses and youth entrepreneurs. Some of the work was free.
- Made a booking and deposit system for a nail boutique and a clearer online ordering page for a pizza shop.

VEX Robotics Team 98549E - Builder and Scout | 2025-Present

- Competed in five events; built and tested drivetrain, intake, and scoring mechanisms.
- Used field tests and scouting notes during a rebuild that raised our driver-skills score from 19 to 30.

Physics Simulation Labs - Student Developer

- Built interactive Physics 12 labs for teachers, letting students change variables and test ideas in momentum, relative velocity, gravity, and light.

Personal Projects

- Built a microcontroller prototype that uses a distance sensor and LED to warn when someone sits too close to a screen.
- Made six browser projects, including an FPS, outbreak model, robot combat simulator, and STEM tools.

COMMUNITY LEADERSHIP

Youth Connect Events - Co-Founder | October 2025-Present

- Helped organize a charity auction and badminton tournament for more than 30 participants; our events raised over $1,500.

Yo Bro Yo Girl Youth Initiative - Volunteer Youth Leader and Wrestling Coach | September 2021-Present

- Volunteered two to three days a week, coached free wrestling practices for three years, and helped run youth programs on gang awareness and safety.
- Supported four month-long summer camps and four week-long spring-break camps.

Gurdwara Seva - Volunteer and Music Mentor

- Helped in the kitchen twice each weekend for three years; I still return several times a month to help with turban-tying classes.
- Played harmonium at gatherings and taught harmonium and tabla to younger students for two years.

278 Cormorant Squadron - Sergeant | Three years

- Taught classes, helped instructors, and organized sports tournaments; reached Sergeant after two years.
- Earned Introduction to Survival certification and raised over $250 in each of two poppy-tagging sessions.

Academic Tutoring - Volunteer Tutor

- Tutored 13 students in chemistry, physics, and pre-calculus; their grades rose by an average of 18%.

SKILLS AND ACTIVITIES

Programming: Python, Java, JavaScript, HTML/CSS, Git, Pygame, Canvas. **Engineering:** VEX mechanisms, circuits, prototype testing.
Languages: Fluent in English, French, and Punjabi; intermediate Hindi and Urdu.
Other activities: School AI Advisory Council, Student Action Team, REC scorekeeper, basketball, volleyball, rugby.
