EDUCATION

Burnsview Secondary School - Dual Dogwood Diploma

September 2023 - June 2027

Coursework: Calculus 12 (100), Physics 11 (96), Chemistry 11 (97) | Dual Dogwood (French immersion)

PROJECTS

Chem lab

- Created an interactive chemistry simulation game where users combine elements to form compounds
- Integrated a multi-level progression system with increasing difficulty

Robot Battle Simulator

- Engineered a modular Python robot simulation system with customizable components and stat-based interactions
- Implemented a rule-based AI for opponent strategy selection
- Incorporated a simulation engine to evaluate robot builds across large-scale battle runs

Graphing calculator

- Developed a graphing calculator to visualize and plot mathematical functions
- Designed equation parsing and rendering inspired by Desmos

Circuit simulator

- Built a circuit simulator for building and testing electrical systems
- Simulated component behavior with real-time interactions

EXPERIENCE

Northline Web Co. - Founder & Web Developer

Present

- Run a web design initiative that creates free websites for businesses
- Design and build responsive websites that help businesses establish an online presence

YbYg Youth Initiative, Burnaby BC - Youth Leader

August 2023 - August 2025

- Led free weekly wrestling practices for 35+ youth across Metro Vancouver
- Led two weekly programs for elementary students; taught sports, public speaking, and success tools to 140+ youth

Robotics Team Member - Builder

September 2025 - Present

- Built a VEX competition robot in a team of 5 and attended three tournaments as a first-time team
- Modeled and built drivetrain; developed goal scraper, ball intake/outtake, and scoring mechanisms

Youth Connect Events, Surrey BC - Vice President

October 2025 - Present

- Organized a charity auction raising \$1,500+ in grants and \$900+ in funds
- Organized a badminton tournament with 30+ participants, raising \$600

SKILLS

Programming languages: Python, Java | Tools: Git, Pygame | Interests: Robotics, Simulation Systems

LANGUAGES

English (Fluent), French (Fluent), Punjabi (Fluent), Hindi (Intermediate), Urdu (Intermediate)

AWARDS

Honour Roll (Grades 8-10) | Waterloo Pascal Contest Distinction (Top 25%)
